PROFESSIONAL SUMMARY

Front-End Developer with 4 years of experience specializing in React, Next.js, and Angular, with expertise in web performance optimization, responsive design, and cross-browser compatibility. Proficient in JavaScript frameworks. Skilled in HTML5, CSS3, and TypeScript, focused on delivering clean, high-performance web experiences.

EXPERIENCE

- **Next Education** Hyderabad, Telangana
Engineer *Aug 2022 - Present*
Developing features and products from scratch as part of the JS Team in the Research and Development Department, Responsible for troubleshooting issues, extending libraries, and delivering efficient solutions in a fast-paced environment.
 - **Web Builder Development:** Developing a Web builder, allowing users to customize their site using React and GrapesJS in a Next.js environment. Extending GrapesJS to enhance its functionality and user experience, making it comparable to Wix.
 - **AI Learning Tools:** Developed the UI for 10+ AI-based learning tools in the Speaking and Writing categories.
 - **Internal Application Development:** Developed an internal application for the field team to streamline DRM content copying, leveraging Angular 15, Electron.js, and Node.js, resulting in a 60% faster workflow.
 - **Automation:** Created a Node.js script to automate AR DB generation, significantly reducing manual effort.
 - **Legacy System Migration:** Migrated 12+ Flash-based 2D simulations to Angular using Raphael.js.
 - **Feature Development:** Engineered a mobile-friendly annotation tool for PDFs and images using Fabric.js.
 - **Technology Adaptability:** Worked across diverse stacks, including AngularJS (1.x), Angular, React, and Next.js.
- **Tata Consultancy Services** Remote
Assistant System Engineer *Feb 2021 - July 2022*
Provided support and enhancements for .NET-based applications with an Angular front-end.
 - **Client Support and Maintenance:** Provided support for multiple .NET maintenance projects, wrote SQL queries for generating reports, and resolved faulty data based on client requirements.
 - **Security and Infrastructure Upgrade:** Conducted R&D and worked with the system team to upgrade 200+ servers on schedule, improving security compliance.
 - **Troubleshooting :** Resolved bugs in an Angular-based dynamic form builder, enabling admins to create customizable forms.
 - **Feature Development:** Implemented a page with cascading dropdowns and displayed reports based on user selection.
- **Mounity** Hyderabad, Telangana
Frontend Developer Intern *July 2019 - Sept 2019*
Worked as part of the UI team, developing with Nuxt.js and Vue.js.
 - **Codebase Refactoring:** Refactored the codebase to introduce reusable components, improving code maintainability and overall developer experience.
 - **Campground Host Page Development:** Developed a Campground Host Page allowing owners to upload campsite details, images, and videos for better visitor engagement.

PROGRAMMING SKILLS

- React.js
- Next.js
- Angular
- TypeScript
- HTML5
- CSS3
- JavaScript
- Node.js
- Electron.js
- Fabric.js
- Raphael.js
- Highcharts
- D3.js
- Grapes.js
- Vis.js
- Canvas
- REST API

PROJECTS

NgBoard

Developed an interactive digital whiteboard with drawing tools, text annotations, and advanced features like a laser pointer, smooth brush strokes, and a paint bucket by extending Fabric.js brushes. Implemented pan-zoom controls for seamless navigation, image insertion, and multi-page support.

Tools Used: Angular, Fabric.js.

Spell Bee

Developed an interactive spelling app where users practice words categorized by difficulty levels (A1 to C1). Built a Node.js-powered backend with SQLite for word storage and retrieval. Designed a polished UI using Angular Material and integrated NgRx for state management.

Tools Used: Angular, Angular Material, NgRx, Node.js, SQLite.

PUBLICATIONS

An Enhanced Messenger with Language Translator and Sentiment Analysis (Sept 2020)

International Journal of Advance Study and Research Work, Pages 98-107, ISSN: 2581-5997.

CERTIFICATIONS

- **NPTEL Certification:** Modern Web Application Development
- **MTA Certification:** Introduction to Programming Using Python
- **NPTEL Certification:** Programming, Data Structures, and Algorithms Using Python

EDUCATION

- **Aditya Engineering College** Kakinada, Andhra Pradesh
B.Tech in Computer Science, CGPA: 8.01 Jun 2016 - Sept 2020
